

## STENCIL SET

This document is part of the GREEN MEME EFFECT material collection. It includes stencils that you can print and then transfer to other surfaces, for example by cutting or tracing the lines. We suggest to use it as template for:

- ▶ Creating eco-friendly chalk art,
- ▶ Decorating T-shirts or bags or other textiles using textile paint or cross-stitching,
- ▶ Planting cress or other fast-growing plants in the shape of the templates.

Very important: Please only use these stencils on surfaces that you own! Do not deface any property that does not belong to you. We trust that you will use these in a respectful and conscious manner.

**INSTRUCTION: PRINT DESIRED PAGES & CUT OR TRACE ALONG THE BLACK LINES.**

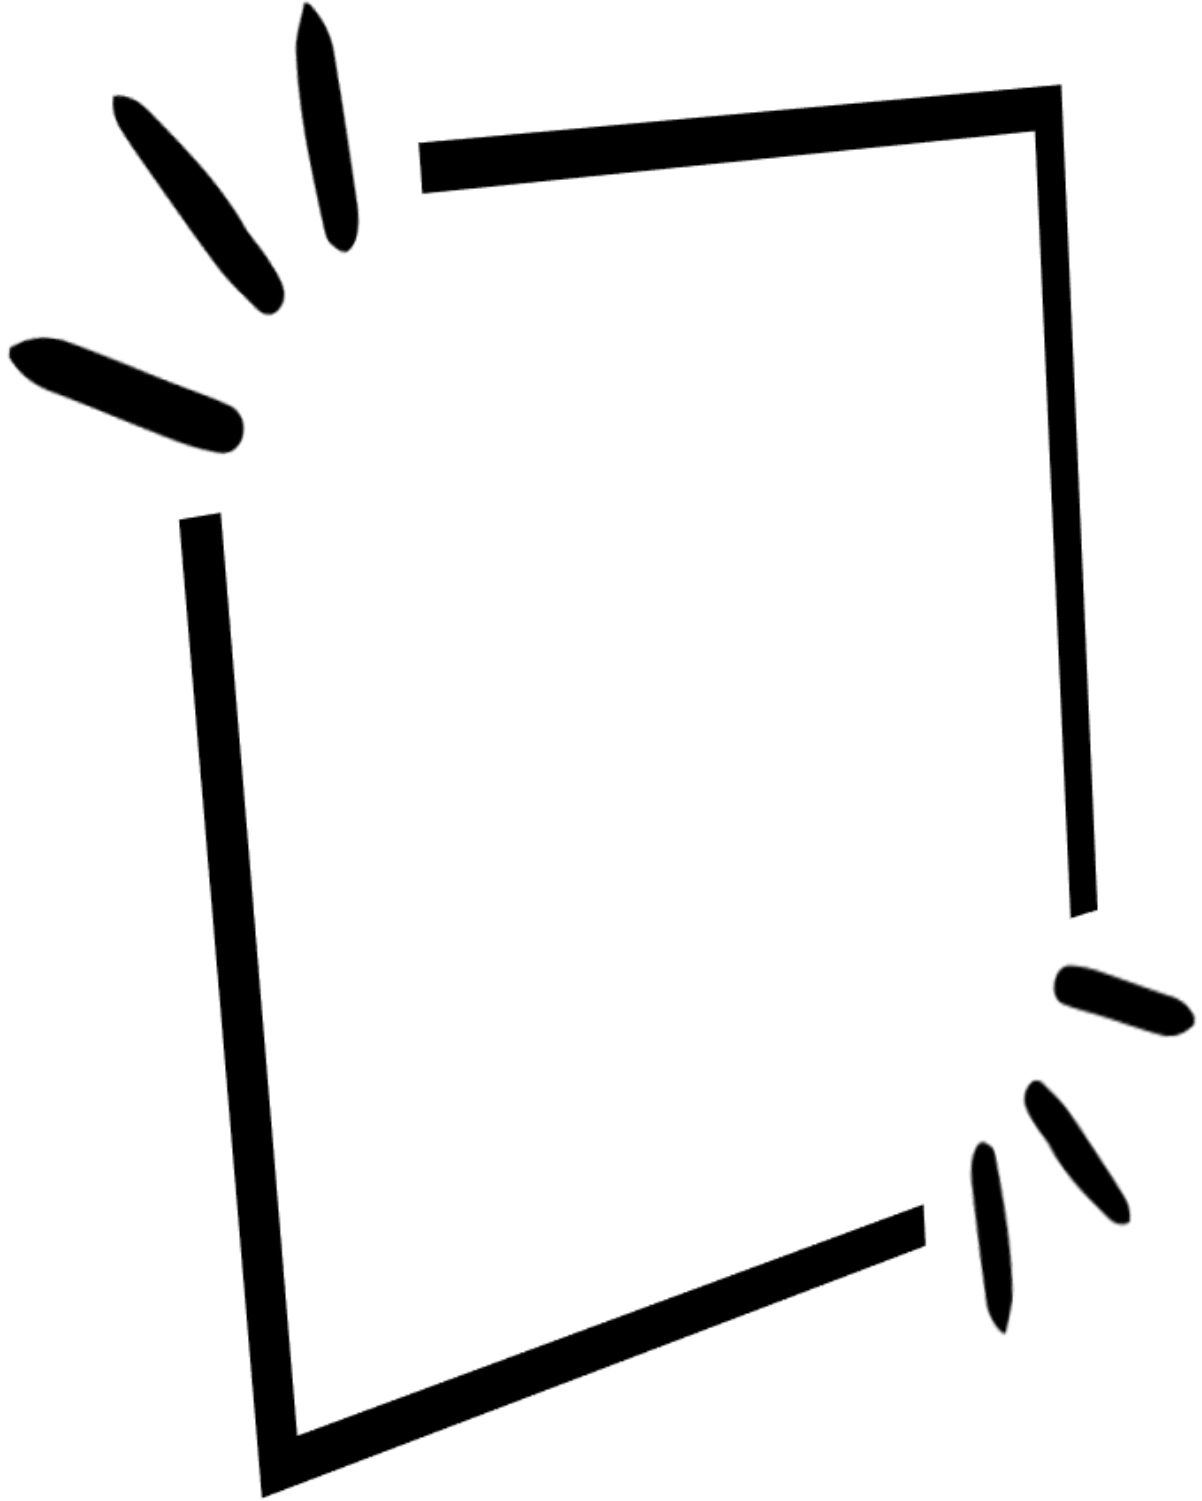

If you choose to share your creations online, be sure to add #greenmemeeffect or link us directly!

A large, stylized graphic of the text "GREEN MEME EFFECT" in a bold, black, sans-serif font. The text is arranged in three lines and is enclosed within a thick black rectangular border. The entire graphic is tilted slightly to the right. Several thick, black, curved lines radiate from the corners of the border, creating a sense of motion or impact.
